Please read the following information on Warranties and our Returns Policy.

BALANCE MAKES NO EXPRESS OR IMPLIED WARRANTIES OF MERCHANTABILITY OR EXPRESS OR IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE.

Please remember that BALANCE products have warranties to cover proven manufacturing and materials faults for normal use. However, NO such warranty can extend to the performance of the equipment.

There is extensive evidence of the efficacy of the BALANCE Saddling System when used as intended. However, there are many factors in any horse's life which BALANCE has no control over but which could have an impact on the apparent suitability of equipment for a particular horse and/or rider. BALANCE therefore makes no claims regarding the performance of the components which form its Saddling System, but merely puts forward honest accounts of their own and their clients experiences, together with evidence amassed from their own and other independently run research and pilot studies.

BALANCE does not offer refunds on products dispatched unless in the case of proven manufacturing or materials fault unless at its discretion.
